

EXPERIENCE

12/15–Now **Dropbox** · *Software Engineer* · San Francisco, CA

- › Worked on the Dropbox desktop app including a technical and visual redesign of the desktop tray, creating a richer notifications experience, and adding a framework to send and receive multi-platform, multi-product notifications.
- › Contributed features to the Android and iOS apps to improve the notifications UI/UX.
- › Initiated team processes such as an on-call rotation and postmortem reviews and organized social events such as team off-sites and social hours.
- › Mentored two interns through successful internships with return offers (and both returned!)

07/15–09/15 **Microsoft** · *Network Research Intern* · Sunnyvale, CA

- › Flow and buffer analyses on outward-facing WAN links in Microsoft's SWAN.

06/14–09/14 **Dropbox** · *Software Engineering Intern* · San Francisco, CA

- › Created Windows interface for managing shared folders using the Qt framework.

06/13–09/13 **Apple** · *Siri Intern* · Cupertino, CA

06/12–09/12 **Google** · *Engineering Practicum Intern* · Mountain View, CA

Education

09/14–03/16 **Stanford University** · Stanford, CA

M.S. Computer Science, Systems Concentration, GPA 4.13/4.00

09/10–06/14 **California Institute of Technology** · Pasadena, CA

B.S. with Honors in Computer Science, GPA 3.95/4.00
